

Ingredients

We believe you shouldn't have to compromise your health for beauty, which is why we created the Savvy Minerals by Young Living™ makeup line. Savvy Minerals by Young Living™ products are developed with an unwavering standard of purity and quality, giving you a full variety of beauty products formulated with ingredients you can feel fabulous about.

Our Savvy Minerals products contain these high-quality ingredients:

- Young Living Essential Oils
- Aspen Bark Extract
- Mica
- High-quality minerals
- Naturally derived ingredients
- Non-nano ingredients

We hold all Savvy Minerals makeup products to superior standards, so you can feel good about what you are putting on your skin—always. This means that you'll never find these ingredients in your Savvy Minerals makeup bag: talc, bismuth, parabens, phthalates, petrochemicals, nanoparticles, synthetic fragrance, synthetic colorants, or cheap synthetic fillers that are usually found in other leading brands.

Want to know what's in your Savvy Minerals product? Visit the individual product pages for each Savvy Minerals by Young Living product for a full list of ingredients.

Q & A

Q. Has the Savvy Minerals makeup line been tested for heavy metals? If so, what testing methods are used?

A. The Savvy Minerals makeup line has been tested for heavy metals and complies with all U.S. federal safety regulations for heavy metal content by meeting or exceeding the specifications set by the FDA. We use an ICP method and either an ICP-MS or an ICP-OES instrument to test for metals.

Q. From where is the mica in some Savvy Minerals products sourced, and is it obtained using child labor?

A. We have been assured by our vendor that the mica used in our Savvy Minerals makeup line is mined in the United States, and there is no child labor involved in the sourcing of this ingredient.

Q. Can the amount of mica used in some Savvy Minerals products contribute to respiratory problems in people regularly exposed to it?

A. The amount of mica in Savvy Minerals products is well within the level considered safe for use. We use mica to color our products instead of harsh dyes and chemicals.

Q. Are any Savvy Minerals products formulated with arrowroot?

A. No.

Q. Are any Savvy Minerals products formulated with aspen bark?

A. Yes, some Savvy Minerals products are formulated with aspen bark.

Q. Are any Savvy Minerals products tested on animals?

A. All Young Living products are cruelty free and have never been tested on animals, including the Savvy Minerals makeup line.
