2021 Holiday Gift Guide

YOUNG  LIVING®
ESSENTIAL OILS

A season of giving & gathering

While the holidays are celebrated differently around the world and even from home to home, there's one thing we can all agree on: It's a time of togetherness. From sharing meals and memories to exchanging gifts and goodies, the true spirit of the season is spending time with those who matter most.

As you prepare to celebrate the season with friends and family this year, make your home a naturally fresh haven with the seasonal scents and festive favorites in this guide. Whether you're looking for plant-based solutions to simplify your holiday prep or gift ideas to make spirits bright, we have your winter wish list covered.

Joy to the world

Nothing gets people together like the holidays. However you and yours celebrate this special time of year, you can count on our essential oils to create a festive atmosphere fit for gathering. After all, bringing people together is what we do.

For the past 28 years, we've built a thriving global community and helped members from all over the world connect and support each other. We're proud to serve more than 200 countries and have farms on nearly every continent!

Connecting a global community isn't only about extending our reach across the map, though—it's also about doing our part to create a healthier, safer world for us all.

This season we've partnered with women artisans from India, Uganda, and Bethlehem to bring you handcrafted gifts that give back to families in developing areas. As you shop our handmade keepsakes, you can feel good knowing you're helping to end poverty, empower lives, and spread joy to the world.

Gifts that give back

“I used to feel stressed about providing my children with a proper education, but now I feel proud that I am earning enough money to invest in their schooling.”

—Koylani, artisan at the Sasha Artisan Network

For more than 40 years, the Sasha Artisan Network has been bringing Indian artisans together to create stunning handicrafts like these acacia wooden trees. Sasha was created to build prosperity by providing income-generating opportunities to nearly 100 artisan groups and to promote fair trade as a way of life. Women in these groups live in underserved rural areas of northern India. Members of Sasha now benefit from skills trainings, consistent work, stable income, financial savings, insurance, and access to health care and education.

Give the gift of muscle relief

The Holy Land Handicraft Cooperative in Bethlehem provides fair-trade wages and stable employment to those in economically unstable circumstances. But as travel restrictions began to take place in 2020, many artisan groups shut down due to the lack of work.

These orders from Young Living provided much-needed relief in the midst of the economic downturn. Many workshops have reopened, reviving the area and its artisans. Creating and selling unique olive wood products enables these families to stay in their homeland, earn a living, and provide opportunities for their children.

OLIVE WOOD MASSAGE KIT

This olive wood massaging tool was sustainably crafted from olive tree branches in Bethlehem. Use it with the included Eucalyptus Globulus and V-6™ Vegetable Oil Complex to pinpoint pressure points and relieve tired muscles.*
