

Happy 4th of July

Eight newly suggested product claims

We know you love sharing Young Living with family, friends, and acquaintances. But what can-and can't-you say about our products? We want to give you every possible resource to share the uses of our products and grow your business, so we're continuing our series of suggested claims with eight more products!

In each biweekly edition of Grow!, you'll find suggested claims and tips for some of our best-loved essential oils and blends. Each listing includes the recommended use of each oil-topical/aromatic or dietary-as well as usage tips that you can pass on as you share with others. Check each edition of Grow! To find more of these useful claims, and share Young Living with more confidence than ever!

Valor II

Topical/Aromatic

Primary Benefits

- Calming and soothing aroma.
- Apply topically to experience an uplifting fragrance.
- Diffuse for an inspiring aroma.
- Add 15-20 drops to V-6™ Vegetable Oil Complex and use for a relaxing foot massage.
- Includes naturally occurring constituents of Linalol, Alpha-pinene,

Camphene, and Limonene.

Product Description

Young Living Founder D. Gary Young specially formulated Valor II™ essential oil blend as his recommended option and alternate to Valor®. He handpicked this new formulation to stay true to the original constituent character of its predecessor and offer the same great experience. Valor II includes Young Living's exclusive Northern Lights Black Spruce and Idaho Blue Spruce essential oils, along with Ylang Ylang, Frankincense, Vetiver, Cistus, Bergamot, Cassia, German Chamomile, and other oils. Diffuse Valor II for an inspiring and calming aroma or apply topically to experience this uplifting fragrance. Valor II includes the naturally occurring constituents linalol, alpha-pinene, camphene, and limonene. Along with Valor, you'll now have two unique and powerful options that can be used individually or together for a complementary experience!

Super B

Product Information

Dewdrop™ Diffuser

Item No. 5330

DEWDROP™ Diffuser is now available .

Product Summary Young Living's Dewdrop Diffuser functions as a humidifier, atomizer, and aroma diffuser in one simple-to-use product. Inspired by the purity and elegance of a drop of morning dew, the Dewdrop Diffuser's design reflects Young Living's dedication to providing high-quality essential oils. Its ultrasonic technology

Product Summary Young Living's Dewdrop Diffuser functions as a humidifier, atomizer, and aroma diffuser in one simple-to-use product. Inspired by the purity and elegance of a drop of morning dew, the Dewdrop Diffuser's design reflects Young Living's dedication to providing high-quality essential oils. Its ultrasonic technology breaks any mixture of essential oils and water into millions of microparticles, disperses them into the air, and releases the constituents found in Young Living essential oils. Custom designed with up to four hours of continuous-run diffusion, automatic shutoff, and ambient light control, Young Living's Dewdrop Diffuser can transform any space into a spa-like atmosphere.

Transform your surroundings: The ultrasonic frequency generates waves at 1.7 million times per second, releasing essential oil molecules into the air to help create a relaxing, spa-like atmosphere in your home or office. Primary Benefits * Helps reduce bad odors when used with Young Living's essential oils. * Transforms any space into an inviting, aroma-filled atmosphere. * Diffusing essential oils is a perfect way to relax, dispel odors, and create an atmosphere of peace and harmony. * Runs for up to four hours with automatic shutoff. * Soft blue LED light that can be turned

off.

Suggested Use 1. Remove both outer and inner lids. 2. Add water until level reaches, but does not exceed, the red water fill line marker. 3. Add 5-8 drops of essential oil. 4. Replace both lids back onto the unit; align the groove on the outer lid to the notch on the base. 5. Plug the power adaptor into a power outlet. 6. Press the on/off button to switch on. 7. The unit should be producing mist and the LED light should be on. **Cautions** * Keep out of reach of children. * If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use. * For all other safety and care information, refer to the Dewdrop Diffuser Operation Manual

Dear Young Living Member:

On March 9, 2015, Young Living distilled Black Spruce essential oil for the first time at the Northern Lights farm. This first distillation was the result of months of hard work and represented the culmination of over 20 years of dedication to our Seed to Seal® commitment to quality. Finding an ideal location for the new farm was a primary focus for Young Living Founder and CEO D. Gary Young, and he is very happy with the results!

Located in northern British Columbia, the farm's harsh climate is ideal for producing hardy, essential oil-rich trees, a key factor in Gary's selection of the area. Black Spruce essential oil reflects the character of the trees from which it is distilled, echoing their resilient, deeply rooted strength.

To commemorate this groundbreaking event, we now offer the Northern Lights Black Spruce 1st Distillation edition! This limited collection includes Black Spruce essential oil and essential water from the very first distillation of Northern Lights Black Spruce, a numbered certificate of authenticity, and a commemorative booklet recounting D. Gary Young's first experience with Black Spruce. You can own the Northern Lights Black Spruce 1st Distillation limited edition by visiting Virtual Office now!

Thank you for celebrating this momentous occasion with us and for helping to continuously move Young Living forward!

Best regards, Young Living
